

Fiber Optic Adapter

MTRJ Adapter

Overview

The singlemode and multimode MTRJ adapters are used in two fiber optical interconnects and are therefore well suited for high density applications. The MTRJ adapters come standard in black, with additional colors available upon request.

Features

- Plug-in-and-out connection, easy operation
- High return loss, Low insertion loss
- Push-and-pull structure, convenient for operation;
- Split zirconia (ceramic) ferrule is adopted.
- Used to mate two connectors together.
- Usually mounted in a distribution panel or wall box.
- LongXing's MTRJ adapter is available for all standard connector types in both single mode and multimode.
- The adapters are color coded allowing easy identification of the adapter type.
- Available with single-core & multi-core patch cords and pigtails.

Technical Specifications

Parameters	MTRJ/PC	MTRJ/UPC
Working Temperature (°C)	-40 — +80	
Insertion Loss (dB)	≤0.25	≤0.25
Return Loss(dB)	≥45	≥45
